

**Science Olympics
Meeting Notes
Thursday 17 February 2011**

- Esther will run grade nine Ecology Jeopardy
 - the PowerPoint needs to be edited
 - she will need a room with a projector
- Kristy McConnell will run Models of Mitosis
 - two volunteers
- Can Spencer Seiler still do Circuitous Circuits?
- Make sure that Janine Extavour has the answers for Metric Madness
- the timetable is very full - just need to make tweaks for rooms
- We need someone to run Amazing Rodents this year - Esther is going to do Ecology Jeopardy
- Can Jim/Spencer Wells still do cup stacking?
- Will David Sutherland make the Dante's Peak model?
- Need a new location for Displacement Dragster - cannot use VA corridor. Middlesex College?
- Tim is changing rule for length for London Bridge - Tim will send it to Patrick
- Rube Goldberg - Ian Martin or Andrew Huff
- Some schools missed their times last year. Is there a way to make this clearer/easier?
- Should connect the Mystery Solutions folks with high school teachers - Katy Farrow?
- Herm's room was locked last year - we need to make sure it is open
- Robotic event - a new set of rules - make sure they are up on the web
- Rube Goldberg - we need a goal for this year - the people running it will email Patrick
 - he will put it on the website
 - Need rules for fire safety (no open flame - this must go on website)
 - teachers need to monitor safety
- should have a FAQ webpage
 - suggest bus pools
 - get your numbers in early for registration
 - no cell phone use during events please
- make sure the old website redirects to the new (the old website still shows up first in a google search).
- should we look at getting a SO domain? (Ie: www.londonscienceolympics.ca)?
